## Wright SWCD COVID-19 Update

Wright SWCD and our partners in the USDA Natural Resources Conservation Service remain open to the public and available to assist with conservation needs, however starting March 18<sup>th</sup> this will be by appointment only. Despite the presence of COVID-19 in Minnesota, we remain committed to delivering high-quality services to the residents of Wright County.

In order to protect the health of our staff, individuals who have a fever or recently experienced respiratory ailments, such as persistent cough or difficulty breathing, should not enter the office. If you have an appointment scheduled with one of our staff members, and are experiencing any of those symptoms, please contact our office to reschedule.

Additionally, producers, partners, and others are encouraged to conduct as much business as possible via phone and email. Email addresses for all staff can be accessed at:

<http://www.wrightswcd.org/about/staff.html>

Please keep in mind that many staff will be working remotely and/or taking additional leave to care for dependents. Your patience is appreciated if responses take a bit longer than usual. We will address your inquiry as soon as we are able. Tree, shrub, and native plant sales are available online: [http://www.wrightswcd.org/tree\\_program.html](http://www.wrightswcd.org/tree_program.html)

As the situation evolves, the SWCD may make changes based on guidance from State and Federal partner agencies. Please continue to check the website <http://www.wrightswcd.org> or call 763-682-1933 ext. 3 before coming to the office.
